

GEOGRAPHY: Would you prefer to live in a hot or a cold place? Children will name and locate the seven continents, the North and the South Poles and the Equator on a world map. They will describe similarities and differences between the UK and Kenya. They will learn about weather and explain whether they live in a hot or cold place.

ENGLISH:

Focus: Recount Letter and Narrative. The children will be reading a letter based on the Little Red Riding Hood story. They will deconstruct the letter and focus on features of a letter before writing their own letter using all the skills we have been learning.

Narrative - Children will be reading the Three Little Pigs story. They will deconstruct the text and then write their own narrative based on this.

PSHE

Focus: Valuing difference The children will identify what makes them special and recognise the ways in which we are all unique. They will share the strengths they have and celebrate the strengths of other children. The children will learn about inclusion and think of strategies for helping someone who is feeling left out.

MUSIC

Key objectives/skills: Children will learn how events, actions and feelings can be represented through pitch, dynamic and tempo.

COMPUTING

Focus: Inputting instructions to programme a computer. **Key objectives/Skills:** Children will understand what algorithms are; how they are implemented as programs on digital devices. Children will be able to debug simple programs. We will also be learning to type with accuracy using BBC

Art

This unit focuses on teaching primary and secondary colours, colour mixing, and creating textures using different tools. It also covers collage techniques, encouraging pupils to experiment with materials and evaluate their artistic choices and aims to develop children's understanding of colour, texture, and composition in art. Use this unit hub to inform your medium-term plan and to navigate to related resources.

MATHS:

Focus: Addition & Subtraction and Shape. **Key objectives:** Children will; recall and use addition and subtraction facts for 20 and use related facts to 100, add and subtract numbers using concrete and pictorial representations, understand addition can be done in any order and use the inverse to check answers. **Shape.** Children will; recognise 2-D and 3-D shapes, count sides, vertices, edges and faces of 2-D and 3-D shapes, draw 2-D shapes, sort 3-D shapes, identify lines of symmetry and make patterns with 2-D and 3-D shapes.

SCIENCE:

We will be continuing our topic on Animals, including Humans. The children will be focusing on the importance of exercise, nutrition and hygiene. We will be completing a range of activities which will help us to understand what happens when we exercise, the impact of eating nutritional food and how to have good hygiene.

RELIGIOUS EDUCATION: Prophecy and Promise

Children will learn about the birth of Jesus and the important people in the story, like John the Baptist. They will discover how the Holy Spirit was involved, especially with Mary, Elizabeth, and Zechariah. They will also learn that Advent is a special time to get ready for Jesus' coming, and explore how different cultures celebrate this season.

PE

Focus: Sending and receiving. Dance

Children will throw and catch a variety of objects. They will be able to describe their throw and catch through a variety of movements.
